PORTFOLIO (NEW ONE COMING SOON!)

A Front-End developer Seeking an opportunity to utilize skills developed in advanced Topics that can help improve my knowledge and further improve myself, I have experience in multiple programming languages and frameworks.

## SKILLS:

### Software Skill:

- Visual Studio
- Git
- Github
- Figma
- Spline

### Technical Skills:

- Object Oriented Programming
- DOM

### Programming Languages:

- HTML5
- CSS3
- JavaScript
- Bootstrap
- Python
- React.js
- Sass
- Tailwind

## Responsibilities

- Used HTML5, CSS3, JavaScript to build the UI and Custom actions.
- Used React.js to Build Responsive and Reactive Apps.
- Designed and developed page layouts, custom navigation with icons.
- Used Spline to Add 3D effects to my Website.
- Converted Figma File to HTML5 files.

## EDUCATION

2017 - 2021

**PHYSICAL THERAPY**, BEIRUT ARAB UNIVERSTY

Yes I am a physical therapist with a GPA of 3 and I worked as one for 8 month in a hospital(Sahel General Hospital) and still see patients but it's not my job, not my life, not my passion. So I am doing a huge Career Change toward something I enjoy and have fun doing and something that I always love to improve myself in!

2017

**HIGH SCHOOL**, IKHALS HIGH SCHOOL

It's okay to brag about your GPA, awards, and honors. Feel free to summarize your coursework too.

## EXPERIENCE

2021 - 2022

**PHYSIOTHERAPIST**, SAHEL GENERAL HOSPITAL

- Team Leader
- Trained interns
- Worked in a team of 6

2017 – 2019

**WAITER**, JUNKIES

- Just a waiter 😊

## ACTIVITIES

- I am an Active learner improving myself daily not a single day wasted
- Always checking for new technologies and new Trends
- In addition, love to always recreate websites that I like!
